Information and clothing list

Please download health form from our website and bring with you the first day of camp.

Day Camp daily program and schedule:

Days are filled with horse activities geared towards developing the knowledgeable horseman. All have the opportunity to improve riding skills and learn stable safety, grooming, and saddling. Our program is based on the goals and ideals of the United States Pony Club. All levels are welcome. Instruction is given in dressage, cross-country, trail riding, and stadium jumping. We have an indoor arena and ride every day, regardless of rainy weather.

Session A: 5 Days, Monday–Friday, June 27–July 1

All other Day Camp Sessions: 5 days, Tuesday–Saturday.

After the first week, Monday is a day off for all resident campers and staff—a time for field trips and relaxation. If you cannot ride Saturday instead of Monday, another make-up day can be arranged.

Half Day Camp: (\$375, for two weeks)

Morning session is 9:00–12:00; afternoon session is 1:00–4:00.

Full Day Camp: 9:00 am–4:00 pm. (\$375 for one week, \$400 includes Willow Hill lunch)

Ride twice daily. Day Campers will have lunch in the dining hall with Resident Campers. (Campers 10 years and older can stay and help with evening chores, getting picked up at 5:45. Prior permission is required).

Helmets: All campers must wear a safety approved ASTM helmet with a date inside less than 4 years. Helmets will be checked first day of camp.

Clothing for daily riding and stable: Breeches or jodphurs and boots are worn for daily riding. Tank tops are not considered safe for jumping lessons. Protective shoes which cover the toe and ankle are necessary for work in the stable. No sandals, crocks or canvas sneakers. Think about what you would like to have on your foot when a thousand pound horse takes an unmindful step! **Bring a water bottle clearly marked with your name for use in the barnyard.**

List of Clothing and other equipment
